GPC Opinion (Apr 2017)

Open consultation (working group, written consultation, 2 Workshops etc) “Future of Joint Programming to Address Societal Challenges” in the context of the mid-term review of H2020 and the preparation of the FP9.

- The development of an overarching approach for the JPP in the broader context of strategic, mission-driven research and innovation in Europe.
- A “JP roadmap-model” with regular evaluations should be considered in order to get predictability and sustainability for the overall JPP.
- **Monitor the impact of JPIs** on alignment and added value at a national, European and global scale.
- Broaden the participation in the JPP should be intensified (e.g. simplification of SF) - Less research intensive countries to use P2Ps as a stairway to excellence.
