Vetenskapsrådet – Swedish Research Council SW

Bundesministerium für Bildung und Forschung DE

Austrian Institute of Technology AU

Türkiye Bilimsel Ve Teknolojik Arastırma Kurumu – TÜBİTAK TR

With the acquiescence from:

Neurodegenerative diseases, Water challenge, Antimicrobial resistance, More Years Better Lives, Healthy Diet for a Healthy Life, Urban Europe, Climate knowledge

## JPIs TO CO WORK

### *The Framework Conditions (FC):*

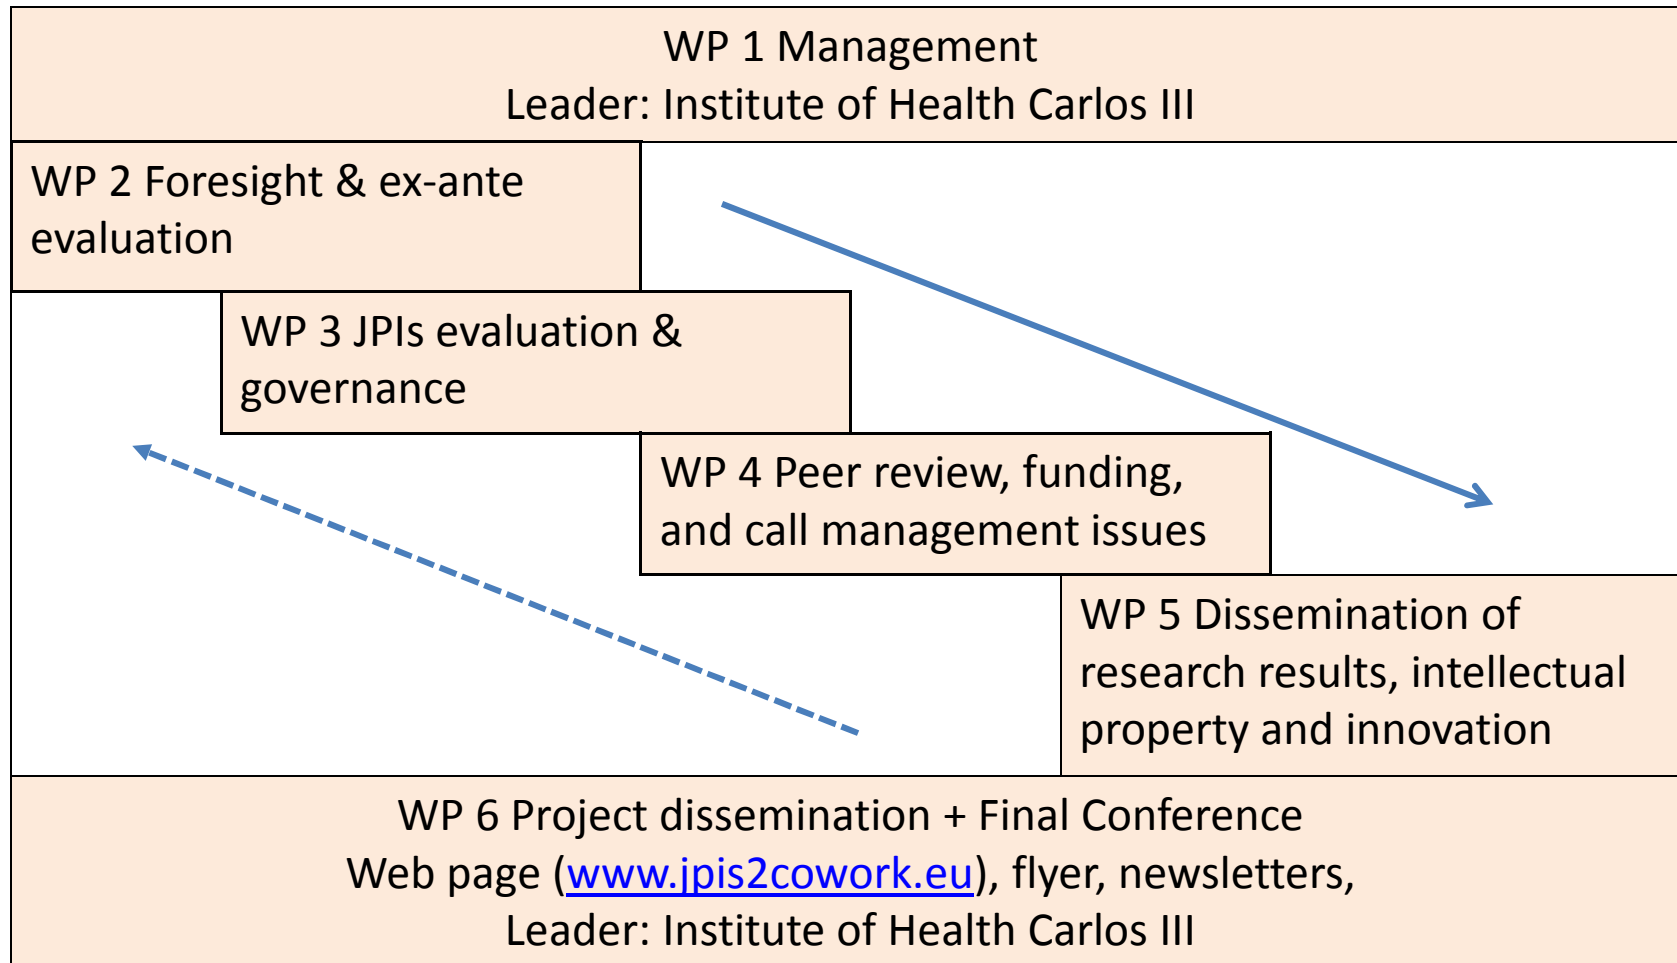

Issues to be addressed during the development and implementation of Joint Programming, concerning administrative, normative and regulatory factors

As defined in the document of the High Level Group	As addressed in WPs in JPIs TO CO WORK • <i>Some FC are grouped and some content is added</i>
Peer review Foresight activities Evaluation of Joint Programmes Funding of cross-border research by national authorities Optimum dissemination and use of research findings Protection, management and sharing intellectual property rights	Foresight + ex-ante evaluation Evaluation (& monitoring) + <b>governance</b> Peer review + Funding and call management issues Dissemination of research results + Intellectual property + <b>innovation</b>

## JPIs TO CO WORK

### Sequence of work packages:

## JPIs TO CO WORK

### *Working method for WPs 2 - 5:*

**I Review** existing documents, reports, case studies  
Review report circulated to JPIs and participants to the workshop

**II Workshops** 2 days, 2 parts each, focus group dynamics.

1st Workshop	WP 2	AIT	a) Foresight	b) Ex-ante evaluation
2nd Workshop	WP 3	TUBITAK	a) Governance	b) Evaluation of JPIs
3rd Workshop	WP 4	JOANNEUM	a) Peer review	b) Funding & call management
4th Workshop	WP 5	SRC	a) Dissemination & Intellectual property	b) Innovation
+ assessment of coherence between FCs in all				

**III Report** with recommendation on FC, validated by workshop attendants

## *JPIs TO CO WORK*

### *Contents of WPs 2 - 5:*

WP 2 FORESIGHT AND EX-ANTE EVALUATION:

Leader: Austrian Institute of Technology

Input from available experiences such as:

FOR-LEARN

European Foresight Platform

Future Oriented Technology Analysis – IPTS / JRC

European Science Foundation

UNESCO / OECD

European Forum on Forward Looking Activities

JPIs themselves

Ex-ante evaluation:

How to assess that JPI will address the relevant challenges

## *JPIs TO CO WORK*

### *Contents of WP 2s - 5:*

WP 3 JPIs GOVERNANCE AND EVALUATION

Leader: TUBITAK

Input from available experiences such as:

- JPIs themselves

- ERA-nets

- ESFRI initiatives

- Initiatives under article 185

- Joint Technology Initiatives

- Specific EU 12 experience

Evaluation, including monitoring:

- Evaluation as a strategic activity (evaluation as driver of desired actions)

  - Evaluation of results relative to societal challenges

  - Monitoring of process

## *JPIs TO CO WORK*

### *Contents of WP 2s - 5:*

#### WP 4 PEER REVIEW, FUNDING AND CALL MANAGEMENT

Leader: Joanneum Research

Input from available experiences such as:

- JPIs themselves

- ERA-nets

- Initiatives under article 185

- Joint Technology Initiatives

- Specific EU 12 experience

Advantages and limitations of funding options for transnational research

- Relative to societal challenges and European added value

- Relative to European research structuring and promotion

  - Specialization, networking, innovation

## *JPIs TO CO WORK*

### *Contents of WP 2s - 5:*

WP 5 RESULTS DISSEMINATION, PROTECTION OF INTELLECTUAL PROPERTY AND INNOVATION

Leader: Swedish Research Council

Input from available experiences such as:

- JPIs themselves

- ERA-nets

- Initiatives under article 185

- Joint Technology Initiatives

- Specific EU 12 experience

Guidelines for Open Access policies

Protection of intellectual property across Europe

Innovation:

- Relation industry – research

- Gaps in valorisation

- Social innovation
