The image shows two screenshots of the Social ERA web interface. The top screenshot shows the 'SHORT MESSAGES' tab selected in the navigation menu, indicated by a red arrow. Below the navigation bar, there is a search bar and a 'ShortMessages' header. The main content area is titled 'ALL SHORT MESSAGES' and features three tabs: 'ALL', 'MINE', and 'CONTACTS'. A text input field is present, with a 'POST' button below it and a character count of '140 characters remaining'. The bottom screenshot shows the same page after a message has been posted. The message content is 'Hello, this is a test message!' and it includes a 'Reply Thread' link. A green notification box at the bottom left states 'Your message was successfully posted.'
