## ANNEX I

**Rules governing the financial contribution of Israel to the Horizon Europe Programme (2021-2027)****I. Calculation of Israel's financial contribution**

1. The financial contribution of Israel to the Horizon Europe Programme shall be established on a yearly basis in proportion to, and in addition to, the amount available each year in the Union budget for commitment appropriations needed for the management, execution and operation of the Horizon Europe Programme, increased in accordance with Article 3(4) of this Agreement.

2. The participation fee referred to in Article 3(7) of this Agreement shall be phased in as follows:

— 2021: 0,5 %;

— 2022: 1 %;

— 2023: 1,5 %;

— 2024: 2 %;

— 2025: 2,5 %;

— 2026: 3 %;

— 2027: 4 %.

3. In accordance with Article 3(5) of this Agreement, the initial operational contribution to be paid by Israel for its participation in the Horizon Europe Programme will be calculated for the respective financial years by applying an adjustment to the contribution key.

The adjustment to the contribution key shall be:

$$\text{Contribution Key Adjusted} = \text{Contribution Key} \times \text{Coefficient}$$

The coefficient used for the above calculation to adjust the contribution key shall be 0,93.

4. In line with Article 3(8) of this Agreement, the first adjustment pertaining to the budget implementation of year N shall be made in year N+1 when the initial operational contribution of year N shall be adjusted upwards or downwards by the difference between:

a) an adjusted contribution calculated by applying the contribution key adjusted of year N to the sum of:

i. the amount of budgetary commitments made on commitment appropriations authorised for year N under the European Union voted budget and on commitment appropriations corresponding to decommitments made available again; and

ii. any commitment appropriations based on external assigned revenue that do not result from financial contributions to Horizon Europe Programme from other donors and that were available at the end of year N<sup>(1)</sup>. For external assigned revenue allocated to Horizon Europe under Article 3(1) of Council Regulation (EU) 2020/2094 establishing a European Union Recovery Instrument to support the recovery in the aftermath of the COVID-19 crisis<sup>(2)</sup>, the annual indicative amounts in the MFF programming shall be used for the purpose of calculating the adjusted contribution.

<sup>(1)</sup> This includes notably the resources from the European Union Recovery Instrument established by Council Regulation (EU) 2020/2094 of 14 December 2020 establishing a European Union Recovery Instrument to support the recovery in the aftermath of the COVID-19 crisis (OJ L 433 I, 22.12.2020, p. 23.).

<sup>(2)</sup> OJ L 433 I, 22.12.2020, p. 23.

b) and the initial operational contribution of year N.

Starting in year N+2, and each subsequent year, until all the budgetary commitments financed under commitment appropriations originating from year N, increased in accordance with Article 3(4) of this Agreement, have been paid or decommitted, and at the latest 3 years after the end of the Horizon Europe Programme, the Union shall calculate an adjustment of the operational contribution of year N by reducing Israel's operational contribution by the amount obtained by applying the contribution key adjusted of year N to the decommitments made each year on commitments of year N financed under the Union budget or from decommitments made available again.

If the amounts stemming from external assigned revenue of year N (to include commitment appropriations, and, for amounts under Council Regulation (EU) 2020/2094, the annual indicative amounts in the MFF programming) that do not result from financial contributions to the Horizon Europe Programme from other donors are cancelled, the operational contribution of Israel shall be reduced by the amount obtained by applying the contribution key adjusted of year N to the amount cancelled.

## II. Automatic correction of Israel's operational contribution

1. For the calculation of the automatic correction as referred to in Article 4 of this Agreement, the following modalities shall apply:

- a) 'competitive grants' means grants awarded through calls for proposals where the final beneficiaries can be identified at the time of the calculation of the automatic correction. Financial support to third parties as defined in Article 204 of the Financial Regulation is excluded;
- b) where a legal commitment is signed with a consortium, the amounts used to establish the initial amounts of the legal commitment shall be the cumulative amounts allocated to beneficiaries that are Israeli entities in accordance with the indicative budget breakdown of the grant agreement;
- c) all amounts of legal commitments corresponding to competitive grants shall be established using the European Commission electronic system eCorda and be extracted on the second Wednesday of February of year N+2;
- d) 'non-intervention costs' means costs of the Programme other than competitive grants, including support expenditure, programme-specific administration, other actions <sup>(3)</sup>;
- e) amounts allocated to international organisations as legal entities being the final beneficiary <sup>(4)</sup> shall be considered as non-intervention costs.

2. The mechanism shall be applied as follows:

- a) Automatic corrections for year N in relation to the execution of commitment appropriations for year N, increased in accordance with Article 3(4) of this Agreement, shall be applied based on data on year N and year N+1 from e-Corda referred to in point c) of paragraph (1) of point (II) of this Annex in year N+2 after any adjustments in accordance with Article 3(8) of this Agreement have been applied to Israel's contribution to the Horizon Europe Programme. The amount considered will be the amount of competitive grants for which data is available, at the time of the calculation of the correction.
- b) Starting in year N+2 and up until 2029, the amount of the automatic correction shall be calculated for year N by taking the difference between:
  - i. the total amount of the competitive grants apportioned to Israel or Israeli legal entities as commitments made on budget appropriations of year N; and

<sup>(3)</sup> Other actions include notably procurement, prizes, financial instruments, direct actions of the Joint Research Centre, Subscriptions (OECD, Eureka, IPEEC, IEA, ...), experts (evaluators, monitoring of projects) etc.

<sup>(4)</sup> International organisations would only be considered as non-intervention costs if they are final beneficiaries. This will not apply where an international organisation is a coordinator of a project (distributing funds to other coordinators).

- ii. the amount of Israel's adjusted operational contribution for year N multiplied by the ratio between:
  - A. the amount of competitive grants made on commitment appropriations of year N, increased in accordance with Article 3(4) of this Agreement; and
  - B. the total of all the authorised budgetary commitment appropriations of year N, including non-intervention costs.

**III. Payment of Israel's financial contribution, payment of the adjustments made on Israel's operational contribution, and payment of the automatic correction applicable to Israel's operational contribution**

1. The Commission shall communicate to Israel, as soon as possible and at the latest when issuing the first call for funds of the financial year, the following information:
  - a. the amounts in commitment appropriations in the Union budget definitively adopted for the year in question for the budget lines covering participation of Israel, in Horizon Europe Programme increased, if relevant, in accordance with Article 3(4) of this Agreement;
  - b. the amount of the participation fee referred to in Article 3(7) of this Agreement;
  - c. from year N+1 of implementation of the Horizon Europe Programme, the implementation of commitment appropriations corresponding to budgetary year N, increased in accordance with Article 3(4) of this Agreement and the level of decommitment;
  - d. for the part of the Horizon Europe Programme where such information is necessary to calculate the automatic correction, the level of commitments entered into in favour of Israeli legal entities broken down according to the corresponding year of budgetary appropriations and the related total level of commitments.
